DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5 and 9-11 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-5 and 9-11 are allowable because of the apparatus with a cutting portion including a leading point, a leading edge with a curved profile with a concave portion followed by a convex portion, and a trailing edge having a straight profile. In regards to Still et al. (4,572,046), an apparatus is disclosed in which a cutting portion that incorporates a lead edge and a trail edge with notches that come to a point but does not disclose a straight trailing edge or a leading surface with a concave followed by a convex surface. None of the prior art cited discloses an apparatus or a method that incorporates the use of a cutting portion including a leading point, a leading edge with a curved profile with a concave portion followed by a convex portion, and a trailing edge having a straight profile to cut ply stock. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
